

**MJS/G HYDRAULIC-SERIES**

 **SUOKONE**

# MERI CRUSHER

**FOREST - CONSTRUCTION - AGRICULTURE**

Crushing superiority all year round

## MULTIPURPOSE CRUSHER FOR PROFESSIONALS

MeriCrusher land clearing crushers are high quality, durable and cost-effective crushers for demanding professionals. The MJS/G Hydraulics series is ideal for a wide power range of compact loaders, working in conditions where light weight and durability are paramount.

The combination is ideal for all kinds of land clearing.

Suokone-made side gear box C/W dual-speed hydraulic motor makes it possible to work in various conditions.

UNT rotor C/W special conical tips have extra in-depth carbide, work ideally at low rotor speed.

BASE MACHINE DEMAND	
Skid Steer, Compact Loader or Compact Track Loader	
Mounting	SAE J2513
Hydraulic	High flow (case drain)
Power range	220-450bar 120-200l/min
Lifting capacity	Min 1800kg / 4000 lbs
Hydraulic motor control	12 V
TECHNICAL DATA	
Transmission	Hydraulic
Hydraulic motor	High pressure - dual speed
Planetary gear	Brevini EM-1045
Rotor diam / width	500/1610 mm / 20/63 inch
Cutter qty.	72
Working depth	250mm / 10 inch
TECHNICAL DATA	
Length	1000mm / 39 inch
Width	1610mm / 63 inch
Height	1050mm / 41 inch
Weight	1350 kg / 2980 lbs
Weight, with options	1750kg / 3860 lbs

Optional hydraulic push bar is used for felling trees and directing tall material
